Summer travel rhythm

Dear Passengers,

July is the perfect month to treat ourselves to journeys that will transport us to the seaside, and to days with a different rhythm. It is during this month that summer takes on its most beautiful dimension in the Mediterranean – a mix of cities with rich histories, colourful coastlines, and simple joys. In this issue, we will take you to carefully chosen destinations in Greece and Spain – from Athens to Thessaloniki, where the ancient and the modern intertwine naturally, and further on to Mykonos, Palma de Mallorca and Malaga, which offer different experiences of summer and relaxation. In order to make these experiences even more affordable, we've introduced direct services to Brač and Alicante this summer, bringing some of the most beautiful Mediterranean spots closer to Serbia than ever before. In the months ahead, we will continue to develop our network by adding new destinations that will enable us to additionally expand your travels. Wherever your journeys take you, we believe that every flight marks the start of a new story.

We wish you comfortable travels.

Letnji ritam putovanja

Dragi putnici,

Jul je pravo vreme da se prepustimo putovanjima koja nas vode ka moru i drugačijem ritmu dana. Na Mediteranu leto dobija svoju najlepšu dimenziju – u spoju gradova bogate istorije, živopisnih obala i jednostavnog uživanja.

U ovom broju vodimo vas kroz odabrane destinacije u Grčkoj i Španiji – od Atine i Soluna, gde se prošlost i savremeni život prirodno prepliću, do Mikonosa, Palme de Majorke i Malage, koje nude različite doživljaje leta i odмора.

Kako bismo vam ta iskustva učinili još dostupnijim, ovog leta uveli smo direktne letove ka Braču i Alikanteu, čineći neka od najlepših mediteranskih odredišta bližim nego ikada. U mesecima pred nama nastavljamo da razvijamo našu mrežu, uz nove destinacije koje će dodatno obogatiti vašu putovanja.

Gde god da vas put odvede, verujemo da svaki let predstavlja početak jedne nove priče.

Želimo vam prijatno putovanje.
